Word was received in this city of the death of Leonard Shaffer at the home of his daughter. Mrs. George Osborne, at Bridgeport. Saturday foremon. Deceased would have been 93 years old had he lived until February. Mr. Shaffer served about four years during the civil ward, first in the Second regiment of Connecticut for three months, and then in Company D. 12th regiment of Connecticut, for three years and eight months as a sergeant, being in the company with his son, Frank Shaffer, now commander of Francis S. Long post, No. 30, G. A. R., of this city. The body will be brought from Bridgeport this afternoon for burial in the Willimantic cemetery. About noon Saturday Frank P. Fenton chanced to notice an American flag floating to the breezes from one of the large windows of A. B. S. hall, on Main street. The word Welcome was sewed upon a strip of white cloth to the bottom of the emblem. Captain Fenton immediately called attention to the unlawful use of the flag, and notified some member of the social organization, and within a very few moments the flag was hauled in and the disfiguring insignia taken off. The flag was again flung to the breeze. There is a fine, with term of imprisonment, for any person who disgraces the American flag.

Morning—Pried Off Lock of Grated Door.

Charles Wenzel, alias Miller, 23 years of age, and Andrew Williamson, 24 years of age, the former doing a year for burglary and the latter a shorter term for theft, escaped from the jail at Brooklyn Sunday morning, and are in now at large. Telephone messages to various parts of Connecticut and surrounding states were sent out immediately upon the discovery of their escape, and Sheriff Preston B. Sibley has authorized the offering of \$200 reward for their apprehension.

The men have been employed as assistants in the kitchen of the jail, and thereby gained their opportunity to get away. They arose usually each morning about 3 o'clock to help prepare the breakfast. Alone in the kitchen, they were able to work their plan unmolested, and gained their liberty by prying off the fastenings of a lock that help fore the break was discovered. All efforts to locate them on Sunday failed. The theory is that they kept in the woods during the day, to eventually try to steal out of this part of the woods during the day, to eventually try to steal out of this part of the woods during the day, to eventually try to steal out of this part of the woods during the day, to eventually into the left the jail wearing the regulation winter outfit, blue overalls, coarse recefers, black caps and rubber book, the latter appropriated. Williamson is tall and slim, with light hair, Miller is the more stockily built of the two, but of good height, and his rather swarthy, coarse face adds to his usually unkempt appearance. He was sentenced in October from the city court of Windham county for burgian; the Bradley residence at Fomfret, was sentenced in October from the city court of Putnam for stealing an over resolution to be reasonable.

The Danielson people in the audience—and there was a bunch of them—smiled some. It helped square accounts. N. Dupre was the star of the game, equalling "Sid" Marland's record of 15 baskets, made Christmas, during the game. He got them from all angles and played his best game of the year.

It was a case of Marland getting the tap on the ball and the center batting it over to N. Dupre and then a basket. Lizotte also played his fastest and best game of the year, as did Hetle and D. Dupre. The team work was better, the passing was better, than anything the local me have yet shown.

Car Derailed and Smashed.

There was an accident in the upper railroad yard New Year's morning, when an engine running light, eastbound, on the main line of the Midland division crashed into a box car that had been shunted on the main tracks. The car was derailed and the side crushed in. The front end of the locomotive was somewhat damaged. A wrecking craw was sent down from the substruction of the local men have yet shown. But it was extraordinary. Its like may not be duplicated in years.
